**Who says you can't have your cake and eat it too? This awesome facelift Nissan Xtrail Hybrid proves that you can have the space of a larger SUV without the guilt (or cost!) of guzzling gas like a thirsty camel. It's the perfect ride for those who want to haul the family and all their gear without breaking the bank at the pump.

But wait, there's more! This FACELIFT Xtrail isn't just about saving fuel; it's also about keeping you safe. It comes with the coveted ProPILOT so think of it as a co-pilot that helps you stay in your lane and maintain a safe distance from other cars. It's the next best thing to having your own chauffeur!

This Xtrail is in pristine condition, with a spotless interior that even the pickiest clean freak would approve of. It's like stepping into a brand new car, but without the new car price tag
